We are continuously working to improve and enhance VisionGauge®. Incremental updates, containing new features and enhancements, as well as any bug fixes that may be required, are produced regularly (typically once or twice a month) and posted on our web page.

Every new license of VisionGauge® includes a full-year membership to the VisionGauge® **Annual Support and Update Program**. Members of this program can download, install and use all VisionGauge® updates produced during their membership period.

Through this approach of continuous development, VisionGauge® has been enhanced tremendously over the years. For example, we have developed and added to VisionGauge® many new and innovative tool that now allow members of the VisionGauge® **Annual Support and Update Program** to solve many difficult applications that simply could not be solved previously. We have also been able to automate certain operations in VisionGauge®, and to make certain tools more powerful or even easier to use.

Furthermore, it should be noted that many new and useful features that we have added to VisionGauge® over the years have grown out of the suggestions made to us by the members of the VisionGauge® **Annual Support and Update Program**. We certainly listen very attentively to all of the suggestions for useful improvements from the members of this program!

Members of the VisionGauge® **Annual Support and Update Program** can also subscribe to the VisionGauge® Users Newsletter to be automatically notified when new updates of VisionGauge® become available, and to receive other useful information.

Finally, member of the VisionGauge® **Annual Support and Update Program** are also entitled to receive unlimited technical support either by email, fax or phone.

These are just a few of the benefits of the VisionGauge® **Annual Support and Update Program**. Users of VisionGauge® are encouraged to keep their membership to the **Annual Support and Update Program** current in order to continue receiving all of the program's benefits.

The cost to renew the **Annual Support and Update Program** is 15% of the then-current list price of the licensed VisionGauge® product.

You can renew your membership of the VisionGauge® **Annual Support and Update Program** either by contacting you VisionGauge® reseller or by contacting us directly.
